

# Rivers Protected From Suction Dredge Mining - SB3

- Rivers protected from suction dredge mining
- State Lands
- Crater Lake National Park
- National Forests
- Bureau of Land Management (BLM)
- National Wildlife Refuges

0 25 50 100 Miles

This map represents our understanding of rivers protected from suction dredge mining by SB 3 (passed by the Oregon legislature in the spring of 2017). SB3 also adds "some" limited increased protections, but not a prohibition, for other rivers. Data sources include: State of Oregon, ODFW, ESRI, Oregon Wild.
